## You can do hours work in minutes and make tough jobs easy

This may be ahead of the time that you'd normally think of buying a Tractor... but it's money-saving time... RIGHT NOW! You can save yourself a cool ten dollars and what's more, you can assure yourself of getting the finest Garden Tractor if you act NOW. The way things stand now... that's like money in the bank... a sound investment. This SALE ends February 29th, 1952... get your order in the mail today. All this price cut and sale are based on our regular DAVID BRADLEY Garden Tractor, top quality, top design. Special tractor type 1 3/4 H.P. 4-cycle, air cooled engine. Fly-ball governor, throttle controlled from the handle. Runs all day long on a gallon of gasoline. Drop center steel disc wheels take big wide 6.00x16 auto-size tires (used tires work very well). Adjustable tread width 16 1/2 to 24 inches. 2-speed v-belt pulley

gives steady flow of power for any attachment. Auto-type disc clutch (no slipping belt). Sealed-in-oil precision gear and roller chain transmission for tremendous pulling power. Power "take-off" direct from the pulley on the engine shaft, easy to use for V-belt or flat belt power. Quick hitch for all attachments. One pin holds all pull behind tools and the hitch point is located ahead of the axle that the heavier the load, the harder the tractor pulls. Get your tractor and save money... do it today.
